Fax: 330-627-6606

*Mathual J. Campbell, Superintendent*

For further information, call Matt Campbell, Superintendent, or Cherri Fisher, Administrative Assistant, at 330-627-6555.

At the regular April meeting of the Carroll County Board of Developmental Disabilities held April 28<sup>th</sup>, the Board members learned that since Carroll County Transit transports most of our workshop employees, there would only be the necessity for one 12 month vehicle operator. The remaining vehicle operator positions would be converted to 9 months, working 30 hours per week in order to maintain the insurance benefits.

In other business, the Board:

- heard Mr. Campbell report he has entered into a one year contract with Tuscarawas County Board of DD for job coaching and development services, and also entered into a one year contract with Carrollton Schools to provide mechanic services as both of those positions have been eliminated;
- approved the 2011-2012 Program Calendar;
- voted to approve an early retirement incentive plan;
- approved position descriptions for music trainer, 12 month vehicle operator, and 9 month vehicle operator;
- approved the recommendation of the Ethics Council that seven employees who worked second jobs with other providers did not pose a conflict of interest.

The next regularly scheduled meeting is Thursday, May 26, 2011 at 5:30 P.M. at the Administration Building.
