Mathual J. Campbell, Superintendent

For further information, call Matt Campbell, Superintendent, or Cherri Fisher, Administrative Assistant, at 330-627-6555.

At the Carroll County Board of Developmental Disabilities' February meeting held Thursday, February 24, 2011, the members learned Mr. Campbell has been attending meetings between the Ohio Department of Developmental Disabilities and Mid-East Ohio Regional Council regarding county collaborative, whose goals include: creating an eligibility process that is consistent among the counties, creating an Individual Service Plan that is person centered; and eliminating waiting lists by serving more people at their needs level. The county collaborative has been given permission to recreate the entire service system including recommending changes to laws and rules that currently govern the system.

In other business, the Board:

- heard Family and Children First Council, of which the CCBDD is a member, have recently revised its bylaws and included membership fees in order to offset loss in revenue from grants;
- granted permission to use Family Selected Service funds to pay for obedience training for a companion dog for an autistic child, and for home modifications for a child with asthma;
- learned calamity days will be made up during the scheduled Spring Break;
- approved updates to the Personnel Policy and Procedure Manual;

The next regularly scheduled meeting is Thursday March 24, 2011 at 5:30 P.M. at the Administration Building.
